MASTER 75

Also available in 6.5' as well as 8' models, the Master 75 allows users to maximize the interior space their mobile work unit has to offer. With over 340 cubic feet, its aerodynamic design promotes gas efficiency. The Master 75 offers extra space due to its cab over compartment and its 6.2 feet height allows users to walk in the unit giving them the freedom they need to access all there tools and interior applications.

MASTER 50

Compact and lightweight, this cab height unit designed by Mory offers unlimited possibilities when it comes to the versatility of a mobile work unit. Allowing users to carry what they need to get the job done and easy access to restricted or specific jobs sites where height may often be an issue. Keep a low profile while getting the job done with the Master 50.

MASTER 60

Available in 6.5' - 8' legnth, the Master 60 is compatible on all full size pick up trucks. The Master 60 was the first of the Master product line ever created by Mory. Although it does not have an cab over compartment it offers maximum space for a compact unit. With the ability to answer all of your needs with its endless possibilities, the Master 60 remains up to this day the best mobile work solution.

MASTER 80

The Master 80, the fiberglass industries largest mobile work unit, offers over 450 cubic feet of interior working environment. Its 10' long body as well as its huge over cab offers additional storage space that cant be found in any other fiberglass body currently on the market. When it comes to options, the Master 80 has endless possibilities because of its size. A 1 ton truck is the recommended minimum for the Master 80.

Mory warrants to the original purchaser of a Mory Master unit, that the body will be structurally free from defects in material or workmanship for as long as you own your Mory Master unit, installed by an authorized Mory Distributor. This limited lifetime warranty does not cover structural failure due to neglect, alterations, addition or modification of equipment, abuse, accident, improper handling or use.

Mory warrants to the original purchaser of a Mory Master unit that the exterior clear coat / base coat paint will not abnormally fade or peel due to material or workmanship defect, faster than the original pick up it was installed on. Normal wear and tear or a color match paint with a 10% variable is not considered as a workmanship defect. The gel coat finish is covered for 60 months (5 Years) All hardware components located on doors or windows (Handle, hinge, locks, latches) are warranted for 365 days (1 Year) from the original invoice date (Glass breakage is not covered) It is to Mory Inc's discretion to repair or replace any defective part (s). This warranty does not apply if; the damage occurs because of abuse, accidents, acts of nature, road outcome (gravel or others), an improper installation, handling or use, a modification, negligence, normal wear and tear, or lack of proper care and maintenance. All repairs and replacements must be approved by Mory.

The warranty registration card must be returned to Mory within 30 days for this warranty to take effect. An original proof of purchase is required for warranty claims. This limited warranty replaces all other warranties and excludes Mory Inc. from all liability for incidents or consequential damages for any cause what so ever.
